OLD Business:

SIREN: Eric looked at the siren after the last false siren. He found that the box was dry and secure but the connections holding the conduit in place were all loose. The SRT box was also loose on the pole. Donna contacted SRT and Zach came out and checked it out on Wed. Oct. 22nd. Donna talked to Zach on 10/31/25 they are not thinking that the false alarm has anything to do with the phone or internet system because it is a dial tone open and closed simplistic system. They will come out and brace up the box that is loose.
