If you are going to be gone on vacation or TDY for longer than two weeks, please turn your water off at the main valve in your home and keep the heat no lower than 50 degrees. Make sure to check your propane tanks to see that you have enough propane to get you through the period you are gone. If your furnace or heat source goes out it could cause your water lines to freeze and break throughout your home. Be prepared!

The Glenburn Seniors will be hosting breakfast on Sunday January 18th from 9am to 1pm. We will be serving pancakes, sausage links, French toast, waffles, boiled eggs, coffee and juice. This is open to the public so come and join us for a hearty breakfast. Free-will donation.
