May 17th: Graduation 1:00 pm

May 25th: Memorial Day (USA)
City Hall closed

June 3rd Wed: Council meets at 6:30pm

June 9th Tuesday: Election Day

CLEAN UP TIME

We are asking that residents please clean up their yards and remove any old un-running, non-licensed vehicles from their yards. They are becoming an eye-sore for your neighbors and the community.

Any other equipment, such as lawn mowers, BBQ grills, bicycles and appliances that do not run (refrigerators, stoves, water heaters) can be taken out to Earth Recycling located NE of Glenburn.

Grass must be mowed on a regular basis, anything taller than eight inches must be cut down or trimmed.

.....
Please see the letter, included with the water bill, pertaining to cleaning up yards, along with our ordinances.

Be Proud!
America
celebrates
250 years!

REMINDER

The compost dumpster located on west Seaton St. is for loose grass and leaves only. No bags or branches are allowed.

Time to take sump pump hoses out of the sewer system and put onto your lawn or to the curb.

Happy Spring!

Please do not flush feminine hygiene products or other plastic items down the sewer system. Daryl is finding plastic tampon applicators, plastic toothpicks and Q-tips in the sewer system. These items need to go into the trash, not down the toilet, to avoid sewer backups and blockages in sewer lines.
